

# Visiting a Northland marina this summer?

To prevent the spread of marine pests, Northland marinas require visiting vessels to have been recently cleaned – that means:

Antifouled in the last **Six** months

Lifted and washed in the last **one** month

or

**Prove it!** Haul-out receipts, paint receipts – check with the marina what proof is required. Some high-risk vessels may be subject to additional marina requirements.

**Coming from the Auckland Region?** Beware of unwanted hitchhikers! Auckland is a high-risk area for Mediterranean fanworm, a highly invasive marine pest.

## Bookings and information

To find out more about the clean hull requirements or make a booking, contact us:
