BAY OF ISLANDS

OTEHEI
BAY

A day at Otehei Bay is an experience that lives long in your memories. The tastes, the sights, the sounds [there's live music every day here throughout January and February], in every sense this Urupukapuka Island destination rewards it's visitors.

The Dining

The fully licensed café is a popular drawcard. Serving local produce, regional wines and fresh Northland seafood, this relaxed island hideaway is the perfect spot to dine and unwind. From 12.00pm to 2.00pm and 5.30pm to 7.30pm daily the Island Lunch and Island Dinner buffet menus provide an enticing culinary event.

The Wildlife

The Otehei Bay Conservation Centre provides a perfect entry point into the island's prehistoric and colonial history as well as the more recent work of Project Island Song – a groundbreaking initiative set up to protect and restore the unique natural habitat of local wildlife.

The Waka

Embark on a different style of ocean travel with the memorable Waka Experience. The early Polynesian sailors explored the Pacific Ocean in this way. With an experienced skipper and crew you have the choice – pitch in as part of the crew or relax back and enjoy the journey. Either way, this experience is not to be missed.

Daily ferries from Paihia and Russell allow others to come join you, be it at the bay or on your boat.

Shore stocks are available, including ice, bread, eggs and basic provisions.

Check out the **Explore Boatie Card** for news, information, promotions and discounted prices at Otehei Bay. To receive your card or book another island experience contact us on:
